Safety

- Read the manual carefully before use. Keep the manual for future reference.
- Only use the device for its intended purposes. Do not use the device for other purposes than described in the manual.
- Do not use the device if any part is damaged or defective. If the device is damaged or defective, replace the device immediately.
- Do not expose the device to water or moisture.

Battery safety

- Use only the batteries mentioned in the manual.
- Do not use old and new batteries together.
- Do not use batteries of different types or brands.
- Do not install batteries in reverse polarity.
- Do not short-circuit or disassemble the batteries.
- Do not expose the batteries to water.
- Do not expose the batteries to fire or excessive heat.
- Batteries are prone to leakage when fully discharged. To avoid damage to the product, remove the batteries when leaving the product unattended for longer periods of time.
- If liquid from the batteries comes into contact with skin or clothing, immediately rinse with fresh water.

Cleaning and maintenance

Warning!

- Do not use cleaning solvents or abrasives.
- Do not clean the inside of the device.
- Do not attempt to repair the device. If the device does not operate correctly, replace it with a new device.

- Clean the outside of the device using a soft, damp cloth.
